By W. W. WHITAKER
When he feels like it.
(By Mrs. WWW)

The editor, Mr. Whitaker, is at this time (Wednesday evening) getting along "pretty well." He credits his improvement to good doctors, the Lord, and a loyal family.

One rumor we were requested to correct is about Rice Pressgrove. Rice came into the GC Office the other day and said that "he was definitely NOT withdrawing from the Chancery Clerks race." Rice underwent surgery a month ago, and of course was unable to see his friends, but now that he is on the mend, he will make every possible effort to see the voters.

Election year are years that sort of make us sad. In each race, there are usually four or five candidates. We hope they are all our friends, and some of them are bound to be disappointed. Our advise to candidates is this: Keep your particular race as clean and above-board as possible, because, after all, YOU will have to live here together AFTER the election.

We welcome several new subscribers to our mailing list.

Miss Bessie Dubois who will receive the GCW in Jackson

Mr. and Mrs. Julian Pendergras, who will get the GCW on Pine St., Grenada.

A change of address for Mrs. T. T. Yager, who has returned to Grenada from Memphis.

W. H. Aver of Lambert is a new getter of the GCW, a present of his son, Walter.

We will hold Mr. Charles Bates' paper up, for their new address in Columbia, S. C. We hope Mr. and Mrs. Bates will remember to vote in the Mississippi primaries.

Oh, yes, thanks to Mr. and Mrs. Tommie Rose for a beautiful bouquet of flowers.

A check came in from Mrs. Jimmie Poindexter of Corsicana, Tex. She said she used to live in Grenada County, as her grandfather, Mr. Dick Tribble of Providence neighborhood, and that her family moved to Texas in 1901, and she has never been back here. She had a sister, Mrs. Sam Bowen who resided here in this county. She writes that her grandfather and sister are buried at Providence. (The nearest post office to Providence is Gore Springs, Miss and Mrs. Sam Gilton is PM.)

Mrs. Poindexter states that her son is a cotton buyer at Corsicana and her daughter's husband has a nice hospital in Corsicana.

We received a renewal the other day from our "cousin" Lee Whitaker in Whittier, Calif.

Local renewals are always coming in, bless their hearts.

Jeff Marter of Sweatman renewed and asked about the editor.

Mr. Marter said that a little nip of corn a day would help the editor, but that he was afraid to tell Mrs. Whitaker that he said that he had not seen a woman yet that liked for their men to drink liquor.

Mrs. D. F. Brower of Rumson, N. J., the former Miss Louise Perry of Grenada, always prompt with her check, sent one in recently.

Mr. Will Criss of West Point renewed on time as usual. We always have missed Mr. Will and hope he is getting along OK now.

Thanks to Cliff and Madeline Johnson in Weslaco, Texas for a nice get well card and renewal.

Dr. Joel Williamson, city, is a new getter of the GCW, and we hope he enjoys it.

Four or five birds with one stone, Hemphill Abel, Mrs. J. Y. Smith, Louise Rotter, Luther Harris, Mrs. G. W. Harrison and Jeff Wilkins renewed recently.

We also welcome new subscribers, Mrs. John Mitchell, Jr. and Mr. J. C. Ward, city.

There was some excitement over on First Street the other morning, some new paint-work.

Training School For Day Camp Leaders

The Commission on Education of the Grenada Methodist Church has agreed to support a three day training school for day camp leaders, under the direction of Miss Louise Sharp, Director of Christian Education at the Methodist Church. This period of training will be held at the Girl Scout Camp at Grenada Lake, July 5, 6, and 7. The session of training will be from 1:30 until 7 p. m. each day. This project is under the auspices of the Methodist Church, but is open to any church, or civic organizations that has a need for training Day-camp leaders. The training given to the leaders who attend will be given so that it will apply to any day-camp, whether that camp be sponsored by a church or a civic group.

There is a definite purpose and need for day-camps for children and young people. It enables boys and girls to have a camping experience during the day with the security of their own home at night. The experience should help boys and girls to more deeply appreciate the outdoors and to understand how marvelous is the work of nature. The living and working in the group of his own age will help him grow in Christian living and to become better citizen. Day-camp supplies an ideal environment for experience in democratic living, for there is opportunity for freedom through co-operation, when every individual does his share toward providing for the welfare of the whole group.

Any church in this area or any civic organization that is interested in training some of its members for day-camp leaders, may obtain further information by calling Miss Louise Sharp at 826 or 1015; or write her in care of the Grenada Methodist Church.

Grenada Stave Mill To Re-Open

The Grenada Stave Mill, located next to Yalobusha River Bridge, arose from J. H. Biddy and Sons, will soon be re-opened for business. This mill has been closed for a good while.

If you have any Gum, Elm, Sycamore, Birch or Hackberry, 10 inches and up in diameter, cut 32 inches long, then contact Grenada Stave Mill. See advertisement elsewhere in this issue.

"Lady Of Leisure" Contest Winners Announced

Mr. H. C. Brassel, 329 Govan Street, Mr. J. G. Bingham, 114 College Blvd., Mr. J. N. Mann, 369 Main St. and Mrs. W. H. Jackson of Holcomb were named winners of electric skillets in the "Lady of Leisure" contest closing here this week according to an announcement made today by F. W. Criss, local manager for the Mississippi Power and Light Company.

The lucky winners were selected by drawing from among the hundreds of registrants participating in the "Lady of Leisure" contest.

The contest had 150 lucky ticket holders each of whom was awarded a beautiful, and practical electric skillet.

The contest was held under the joint sponsorship of local electric appliance dealers and the Mississippi Power and Light Company.

Grenada Beauty Salon Sold

Mrs. Ruth Coaten, of Oakland, Miss. has purchased the Grenada Beauty Salon from Mrs. Joe Buchanan, nee Polly Odom, and Miss Idelle Odom. The deal went through last week.

Mrs. Coaten has many friends and customers who are delighted that she is casting her lot with Grenada and welcome her as the owner of the establishment where she has been employed several years.

Also the many friends of the Odell girls regret to see them leave. Odell resides in Water Valley and Idelle is to reside in Memphis.

Four or five birds with one stone, Hemphill Abel, Mrs. J. Y. Smith, Louise Rotter, Luther Harris, Mrs. G. W. Harrison and Jeff Wilkins renewed recently.

We also welcome new subscribers, Mrs. John Mitchell, Jr. and Mr. J. C. Ward, city.

Second Round Of Salk Polio Vaccinations Completed

With the completion of the second round of Salk Polio vaccination schedule on Thursday, June 23rd, the Health Department would like to express their appreciation to all volunteer workers who assisted with this schedule - to Mr. J. E. Gray, County Superintendent of Education, who arranged for the school buses, to the bus drivers who so kindly cooperated, to the members of the Parent-Teachers Association who assisted in caring for the children at the Grenada School, to school personnel in various schools and to the newspapers and radio station for their interest in publicizing the schedule.

The response has been very good with some schools reporting 100 per cent. Schools having 100 per cent through Wednesday are Jackson Chapel, Prospect, Red Grass, High Brick Academy, and Spring Hill.

Some children have not received their second shot because their school bus did not make the rounds, others did not receive their notices because of a change in address and some were on vacation at the time of their schedule. For this reason, the health department is allowing parents of eligible children who missed their schedule at school to bring the children to the health department on Tuesday or Wednesday before 4:30 or on Saturday morning for this shot.

Organization offers permanent jobs for those who want them, complete health program; free insurance; retirement pay; many other benefits.

Sgt. Has Truck and Bicycle Both

Sgt. Clyde Schiele of the local recruiting service in Grenada went to Lumberton, Miss. Sunday and while there borrowed his brother Max Schiele's 1931 2-ton Chevrolet truck to do some hauling.

Sunday night the truck was stolen and in its place was a boy's red bicycle with balloon white wall tires. Sgt. Schiele notified the Highway Patrol and then started his own investigation. He found the truck parked one mile from Duck Hill, apparently undamaged.

The sergeant now has the truck and bicycle both, and would be glad to see the owner of the bicycle show up to claim it.

What seemed at first to be real trouble, now is amusing.

Binswanger Has New Manager

Announcement has been made that J. D. Halback of Tullahoma, La. has been appointed manager of the Grenada plant.

Mr. Halback is married and has one son, and are moving to Grenada this month.

Mr. Halback succeeds Mr. Paul Fedric, resigned, who is to accept another position here in Grenada.

CARD OF THANKS

We wish to thank those who made our mother's last days as pleasant as possible, for the beautiful flowers and cards, and for their condolence.

Mrs. Lena Luckey Is Buried Here

Funeral services were held in Old Fellow Cemetery, Grenada, on Friday, June 17, at 11 a. m. for Mrs. Lena Rogers James Luckey, 68, who died at the Baptist Hospital in Memphis early Thursday morning, after a long illness.

Rev. Gwin Middleton, Baptist minister of Gore Springs, officiated and National Funeral Home of Memphis and Garner Brothers Funeral Home of Grenada were in charge.

The deceased was the daughter of the late Mr. and Mrs. Dave Rogers of Water Valley.

She was married to Mr. Earl Leslie James of Grenada County and after his death married Mr. H. I. Luckey, who survives.

She is also survived by two daughters, Mrs. Charlie Gordon of Indianapolis, Miss., and Mrs. R. D. Gandy of Jackson, a son, Price James of Memphis, two brothers, Mr. Frank and Dan Daniel of Water Valley, and a brother, A. B. McRae of Aberdeen.

Pall bearers were Messrs. H. J. Williams, H. I. James, H. C. James, E. L. Boteler, Jr., Paul Williams and Jack White.

Library Named For The Late Mr. and Mrs. Wiley Sanders

Formal ground breaking ceremonies June 14 officially launched construction on the Sanders Memorial Library at Clarke College. Mr. and Mrs. H. B. Sanders, of Aberdeen, were presented as the principal donors who are giving \$25,000.00 in memory of Mr. Sanders' parents, the late Mr. and Mrs. Wiley Sanders of Kosciusko, for whom the library will be named. Total cost is estimated at \$35,000.00.

Mr. H. B. Sanders, who was asked to turn the first spade of earth, was for 38 years Editor and Publisher of the Aberdeen Examiner and is now retired. He is a graduate of what was then Miss. A. & M. now State and worked his way through college. He expressed a special appreciation for Clarke College because of the opportunity it offers to students of limited means.

The late Wiley Sanders, also was a newspaperman, having been for almost 50 years editor of the weekly at Kosciusko.

Ed. Note: The late Mrs. Wiley Sanders was Miss Fannie Stokes, sister of the late Mrs. George Terrell and Messrs. Wade and Henry Stokes. Her niece, Mrs. Junius Townes, Sr., resides here.

Picture Hats

Summertime brings a picture to many of a sheer pastel dress, and matching accessories topped with a picture hat. But before you decide to buy a picture hat, ask yourself: "Does it conform to my face and figure?"

You've seen women that appear lost under a wide brim? Remember a hat's size must be in proportion to the wearer's stature.

If you are short and heavy, thin or well proportioned, your hat must be no wider than your shoulders. If you are of medium height or tall and

either heavy or well proportioned, let your hat extend no farther than one inch beyond your shoulders. If you are of medium height or tall and thin, the wider the brim the better.

Mr. Eirod, the son of Mr. Frank Eirod and the late Mrs. Frances Eirod of 320 North Seminole, Claremore, Okla., received a doctor of medicine degree. He is a graduate of Claremore High School and received a bachelor of arts degree from the U. of Miss. in 1951.

He will intern for one year at Hillcrest Medical Center in Tulsa, Okla., beginning July 1, 1955.

Mr. Eirod is the husband of the former Miss Mable Louise Greaver of Holcomb, Mississippi.

HOME AGENT NOTES

(By Bervil Elder)

Use the insecticides available to kill pests around your home, flowers, garden, livestock and pets - but be careful to use them according to directions.

Under certain conditions, for example, both chlordane and toxaphene tend to impair flavor and quality in some fruits and vegetables. Don't double the recommended insecticide treatment "for good measure."

Use the new chemicals only when they are needed - and then at the recommended rates.

When Did Science Begin?

Science began the day man first asked "why?" This search for facts sprang from the dark days of magic, superstition, and demonology. The laws of nature were known. It was the task of science to understand them. In the Middle Ages the average life span was twenty-five years. Today you have a life expectancy of sixty-five years. This is a direct result of medical progress.

As pharmacists, we are proud of our function in the distribution of lifesaving medical supplies.

COUNTY AGENTS NOTES

By C. O. Sennett

Pasture Management

Overgrazing and weeds are two of summer pastures' most dangerous enemies. Protect your pastures from them.

Prevention of overgrazing is far better than waiting for your pastures to make a come-back after being grazed into the ground.

The first rule is "supply enough land for each head of stock you own." The amount of land varies

with the fertility of the soil, the type of grazing and the care a pasture is given. Check with your local county agent for more information on the number of acres that will be needed to carry a cow.

Weeds compete with desirable pasture grasses and legumes for available moisture and plant food. These weeds, which cows do not eat, may take over a pasture, if they are not controlled.

Clipping is a cure for weed infestation. However, when clipping pastures for weed control, always raise the mower or clipper blade five or six inches so that the tender grasses

will not be wasted.

From the time of the initial contact until a plant site is definitely chosen it normally takes many months of work on the part of Mississippi Power & Light Company's Development Department in its efforts to bring new industry to the area served by the company.

During this period, members of the staff maintain a steady flow of correspondence. Letters going out to new prospects. Follow-up letters to interested companies. Letters answering requests for additional information. Etc.

Writing some 10 letters a day is, of course, only part of the job. Telephone calls, personal contact, research, preparation of literature and many other activities are carried out by this department, which works in close cooperation with state, county and local officials and groups in the important task of bringing new industrial payrolls into Mississippi's communities.

Maybe you'd better see for yourself
why folks just won't do
without this great car

PEOPLE say success makes success—but we say people make success, and how!

It's people—just like you—who are snowballing Buick sales this year to an all-time peak.

It's people—just like your neighbors down the street—who are snapping up these gorgeous new Buicks almost as fast as we get them from the factory, and causing Buick production to climb to new levels every month, to handle the unparalleled demand.

And it's people—just about from every walk of life—who keep Buick sales soaring without letup—and

who have moved Buick more solidly than ever into the charmed circle of America's top best sellers.

But why? Why this phenomenal swing to Buick on the part of people who can choose any new car? Because Buick's a buy—definitely.

And because it's a bold beauty that catches the eye and holds it—that's for sure.

And certainly because it's supremely level of ride—and a sweet joy to handle—and a mighty bundle of high-voltage VS power to melt away the miles and the high hills.

But most of all, because Buick this year is a performer like no earth-bound vehicle ever was before...

Because Buick—and only Buick—has the airplane-principled magic of Variable Pitch Dynaflo™ where you switch the pitch for big gas savings in cruising—or for whip-quick getaway response and acceleration when you need a sudden safety-surge.

It's sheer thrill, and pure pleasure, and a big boon to your gasoline budget—and you really ought to try it.

Come visit us soon—this week, at the latest—and see for yourself why this is the car folks just won't do without—the biggest-selling Buick of all time.

SOIL CONSERVATION NEWS

(By Rex R. Blue, SCS)

Earl Gillon, J. B. Bailey, & Weeks Williams, who have farms in the Gore Springs Section, have recently become cooperators of the Grenada County Soil Conservation District. Farm conservation plans, including land capability maps have been prepared for the farms. The District will furnish technical assistance to these farmers in applying soil and water conservation practices.

Last week Messrs. F. T. and Sam Gillon sodded newly constructed pond dams on their farms with Costal Bermuda Stolons. Farm ponds should be inspected for needed repairs following heavy rains and any repairs made as soon as possible. All dams and spillways should be well vegetated to prevent erosion. Applications of fertilizer will aid in getting an increased growth of vegetation on the dams and in the spillways. Farmers will be laying out row syan-

"Let us show you how easy it is to drive a CHRYSLER!"

Chrysler owners know it and we'd like you to know it — Chrysler is winning performance honors, hands down!

Come prove it to yourself by taking the "100-Million-Dollar Ride!" It's a driving thrill that no other car can give you . . . with America's finest family of V-8 engines to choose from . . . up to 300 hp; mightiest of all! Teammed, mind you, with PowerFlite automatic no-clutch drive . . . which for honey-smooth take-off power leaves even "second best" out of sight!

Chrysler is a big car. Low, long and sleek. It has fashion

experts coining new terms to fit it, like "tailored steel." Yet, thanks to countless exclusive drive-features (all Chrysler originated) it handles as easy as a wave of your hand. There's Full-time Power Steering, for one. Chrysler Power Brakes, for another. Extra large . . . extra easy to apply . . . extra safe stopping power!

That's why we say you're not only miles ahead in a Chrysler, but years ahead as well. Isn't now a good time to start pacing the field in the car that's the big news of 1955? We're ready to start you off—the minute you say when!

COME TAKE THE **CHRYSLER** "100-MILLION-DOLLAR RIDE!"

Real Cost of Telephone Service Is Down

For years now, the trend in the percentage of income which the average Mississippi family must pay for telephone service has been DOWN.

1939	3%
1954	1.5%

You might call it "The Dollar Express"—the 16 million dollar load of money our planners say it will take to expand and improve our facilities in Mississippi this year.

Like the 95 million dollars we've spent for construction in the state since 1945, this additional money must be secured from people who are willing to invest in telephone property. . . All they want is assurance that our earnings will be sufficient to provide a fair return on their money. As long as that's the case, we can continue to say "Let the Progress Train Roll!"

God and Nations

Lesson for June 26, 1955

GOD is not an American citizen. He is not even Americanized. He is not and never has been a citizen of any country in the world. And yet, strange as it seems, all down through history he has been thought of as if he belonged to one particular race or nation. A Scotch woman, in the era when France and the United Kingdom were more or less always at war, was reminded by her pastor that maybe there were God-fearing French women who were praying for victory for their nation too. "Oh," said the old lady, "who could understand those jabbering bodies?" The simple truth is that God is the God of all nations. The Bible is as clear on this as it can be.

God Controls

Three mistakes are commonly made at this point. One is that God is not interested in nations, only in individuals; that He cares a great deal what individuals do, but is quite indifferent to the doings of nations. The truth is that God is as much interested and concerned about what men do by the million as what they do one by one. He is as much concerned with acts of Congress as he is with acts of congressmen; as much concerned with honesty in treaties as with honesty in personal contracts. Another mistake is to think of God as wanting to control the affairs of nations but not being able to do so, almost as if he read the headlines with as much alarm as you and I do. Another mistake, just the opposite, is to think that God controls nations the way a checker-player controls his men. They move when and where he moves them, they have no choice. Now the truth is that God does control nations, or else the Bible is all wrong. He does not dictate all their actions, for God is never the author of sin. But when we read what is going on in the world, we must not read with despair, for God never lets nations out of his control.

God Judges

If God literally dictated and brought to pass every happening in history, then God could be the judge only of himself. But he does judge the nations, as he judges individuals, for what nations do of their own free will and consent. Nations, as nations, can make right choices or they can make wrong ones. It has been often remarked that the mortality rate among nations is 100%. As the Bible sees it, the death of a nation is the judgment of God upon it. Now the point so often overlooked, indeed the point the average citizen of ancient Israel and Judah conveniently overlooked, is that God judges all nations alike. He is not like a referee who calls fouls on one team and never sees a foul if his favorite team makes them. He is not like a parent who brings some of the children up carefully and spoils his favorites. No person can be just, and God cannot be just, if his justice is only for some and not for all. We all know what to think of a judge who "fixes tickets" for his friends who violate traffic regulations. God, the Judge of nations, never fixes anybody's ticket. Let us put this into plain English in terms of our own American situation: If an act of another nation is "bad," really bad in the sight of God, then the same kind of act on America's part is just exactly as bad, maybe worse if (as we claim) we know God's will better than anybody. Or if what our nation does at any time is "good," really good in God's eyes, then the same act done by another nation is good too, and we ought not to resent it.

God Rewards

The prophet Zephaniah says what all the other prophets write in their own way, namely that God rewards nations that follow his laws. God does not of course reward nations in heaven, as he does people one by one. The reward of a nation is continuing peace and happiness—and sometimes power—on this planet. The reward of nations is to become the safe home of men and women who know and love and serve God. The reward of nations is to be the living evidence of the justice of a God who loves justice.

STAR CHIEF CUSTOM CATALINA

...at a cost you can easily afford!

What is a fine car? What sets a certain few apart in the world's esteem . . . wins them first place in most people's desire?

First and foremost, a fine car is a style-setter—a real advance in smart appearance.

Naturally, it's also a pace-setter—fundamental forward step engineering-wise. At the wheel you should know that you've reached the peak of performance—experienced an all-new kind of flashing, vigorous, smoothly delivered power.

There's more, of course. It must be enviable for sheer luxurious comfort, for restful roadability, for thought-quick handling ease.

And it must, above all, be wholly dependable.

for only a trustworthy car can be called "fine."

If this meets your definition of a fine car and you want it, there's nothing in your way. For this description is right off the Pontiac score sheet—a short but perfect picture of this big, powerful, future-fashioned car. And Pontiac's prices fit comfortably into anybody's new-car buying plans!

Come in for the rest of the reasons why this is the fastest-selling Pontiac in history—such as the inside story of America's most modern and efficient automotive power plant, the sensational Strato-Streak V-8. And get the trade-in appraisal this great success permits. We're sure we can prove that now's your time to move into the fine-car class!

Now new Chevrolet Task-Force trucks bring you the industry's most modern V8* engines with an ultra-short stroke for longer life—plus all these great advances.

Modern 12-volt electrical system

You get double the punch for quicker starting and more efficient ignition plus a greater electrical reserve.

Gas-saving high-compression ratio

With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power out of every tankful of gas.

New aircraft-type valves

Each valve functions independently—as in modern aircraft engines. Valve action is more positive.

Floating oil intake . . . full-pressure lubrication

Intake selects the cleanest oil for full-pressure engine lubrication.

*V8 standard in the new L.C.F.'s, an extra-cost option in all other models except Forward-Control.
